

CAPABILITY STATEMENT

Analytics-Shop USA LP is a Georgia-based company. Our headquarter is located in Munich, Germany, where the parent company Altmann Analytik was founded in 1986.

In order to be closer to our growing North American customer base, we decided to launch Analytics-Shop USA LP in 2018. We are an independent one-stop distributor specializing in equipping laboratories in the field of chromatography and spectroscopy. In our online shop, our customers will find more than 50,000 consumables from renowned brands such as Agilent, Whatman, Grace, Sartorius and many others.

Offering high quality products is very important to us. At the same time we are aware that budgets are tight. We have an alternative at a lower price, but with the same high quality for almost every product. Just ask us! In addition, we focus on the needs of our customers by offering an easy-to-use online shop with a wide range of products and a dedicated customer service that is happy to support our customers.

Core Competencies

- Independent one-stop distributor
- Competent and committed customer service, since 1986
- Specialized in chromatography and spectroscopy lab supply
- Online HPLC and GC column configurator comparing products from more than 30 manufacturers online
- User-friendly online-shop
