

## Autosampler Vial Inserts

Our vial inserts are made from the same Type 1 borosilicate glass as our vials and can be used for maximum sample extraction when handling micro volumes. Extend the usability of your standard 2 mL vials with the addition of a micro volume insert. Simply select the vial insert that matches with the neck ID of your vial.

| Insert Capacity | Insert Dimension (mm) | Fits Vial Neck ID (mm) | Qty. | Part No.        |
|-----------------|-----------------------|------------------------|------|-----------------|
| 150 µL          | 5 x 29 spring bottom  | 8                      | 100  | <b>N9300705</b> |
| 200 µL          | 5 x 31 flat bottom    | 8                      | 100  | <b>N9300706</b> |
| 250 µL          | 6 x 29 spring bottom  | 9, 10 or 11            | 100  | <b>N9300703</b> |
| 400 µL          | 6 x 31 flat bottom    | 9, 10 or 11            | 100  | <b>N9300704</b> |

## Polypropylene Vials

Polypropylene vials offer an alternative to glass vials and provide an ultra-inert sample environment, which is ideal for biological samples. They are also an excellent choice for applications involving high metal ion content, such as ion chromatography, AA, ICP or ICPMS.

| Volume | Neck ID Size (mm) | Vial Top Type | Vial Description    | Pkg. | Part No.        |
|--------|-------------------|---------------|---------------------|------|-----------------|
| 300 µL | 9                 | Screw         | Clear polypropylene | 100  | <b>N9301732</b> |
| 2 mL   | 9                 | Screw         | Clear polypropylene | 100  | <b>N9301733</b> |
| 2 mL   | 9                 | Screw         | Amber polypropylene | 100  | <b>N9301734</b> |
| 600 µL | 9                 | Screw         | Clear polypropylene | 500  | <b>N9302130</b> |

## Waste and Wash Vials, Caps and Septa for GC

| ID Size (mm) | Product Description                                  | Screw           | Screw             | Screw              |
|--------------|--|-----------------|-------------------|--------------------|
|              |  | Part No. Pkg. 1 | Part No. Pkg. 100 | Part No. Pkg. 1000 |
| 13           | Clear Glass Vial – 4 mL (15 x 45 mm)                 | <b>09923031</b> | <b>N9306247</b>   |                    |
|              | 200 µL Vial Insert                                   |                 |                   | <b>N9302681</b>    |
|              | Support for Vial Insert                              |                 |                   | <b>N9302682*</b>   |
| 13           | Black Cap with PTFE/Silicone (Ultra Low Bleed) Septa |                 | <b>N9304141</b>   | <b>N9304142</b>    |
| 13           | Black Phenolic Cap (no septa)                        | <b>09923032</b> |                   |                    |
| 13           | Silicone Septa (no cap)                              |                 | <b>N9302780</b>   |                    |
|              | Vial Diffuser  | <b>N6101276</b> |                   |                    |
